

Double gripping force with an actuating finger and a single fixed position finger

Parallel Type Air Gripper / One Side Fixed Finger Type MHZ2-20D-X7033A

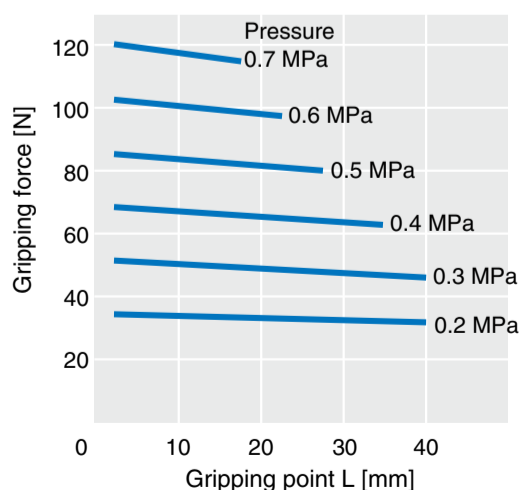

Scan the QR code to answer the questionnaire.

- The fixed position finger can be used to set positioning

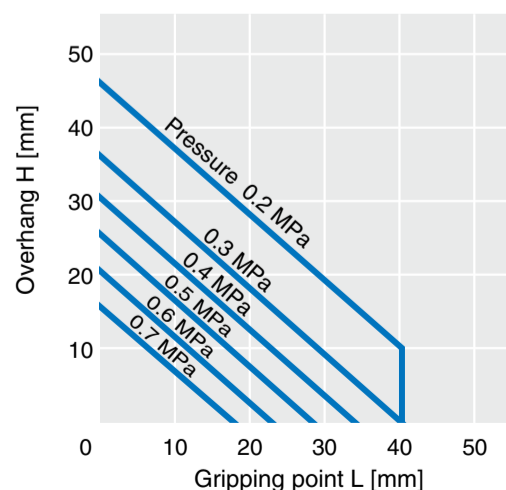

- Capable of workpiece positioning and alignment

- Bore size: $\varnothing 20$

External gripping force

Gripping point range limit

Specifications

Gripping force (0.5 MPa, L = 15 mm)	External gripping force	83 N
	Internal gripping force	130 N
Finger stroke		5 mm
Max. operating frequency		180 c.p.m.
Weight		232 g
