Why Industry 4.0? / Neden Endüstri 4.0? / Pourquoi l'industrie 4.0? / Warum Industrie 4.0?

Because digitalization is changing our lives. The way we work, relate with each other and consume are different and companies need to adapt to that reality.

Çünkü dijitalleşme yaşamımızı değiştiriyor. İnsanların yaşam biçimi, birbirleri ile olan ilişkileri, tüketim alışkanlıkları birbirinden farklıdır ve şirketlerin bu gerçeğe ayak uydurmaları gereklidir.

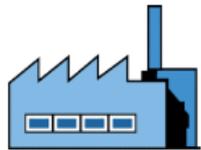

Car la numérisation transforme nos vies. Notre façon de travailler, d'établir des relations et de consommer a changé et les entreprises doivent s'adapter à cette réalité.

Die Digitalisierung verändert, wie wir miteinander kommunizieren, arbeiten, unser Leben gestalten und wie wir unsere Konsumprodukte aussuchen. Das erfordert, dass sich die Betriebe der neuen Realität anpassen.
